NOVEMBER 5TH & 6TH 2016 @ HOTEL NOBIS, ASTEN (NL)

November 5 & 6 2016

GOLDEN10

The first weekend of November Hotel Nobis in Asten in the Netherlands, will once again be bursting at the seams with 'pigeon talent'. For the fourth time already, a select lot of pigeons from a limited number of pigeon champions from Belgium, Germany and the Netherlands will be sold in a saleroom auction. A sale at an unprecedented level, where 20 top fanciers will present only their very best pigeons.

Three years after the first edition it is evident, that fantastic results have been achieved all round with descendants of the pigeons acquired at the previous 'Golden Ten' auctions. For instance, the 'Golden Harry' from Jan Hooymans, bought during the Golden Ten 2014, is the father of 'Kim', who this year became 1st National Ace pigeon Long-distance of Japan for Yoshikasu Higurashi. And the 'Halfbroer Kyara' from Gerard Koopman, also purchased in 2014 at the Golden Ten, became father of 'Nike', the 1st National Bourges in Belgium against 28,078 young pigeons for Rik Hermans. And the 'Ranomi' from Rik Hermans, bred the winners of 1st NPO Chateauroux against 3,867 pigeons and 2nd NPO Gien against 1,959 pigeons for her new owners Combination van Wanrooij was also obtained in this 2014 Golden Ten.

So on 5 and 6 November this year just about everyone of renown from the West European pigeon sport will offer their very best in Asten once again. Most of these are established names and are the same names as in the previous auctions. But there are also a few spectacular new names who will offer the very best of their colony. A rare opportunity for every real fancier to hold (children of) many super pigeons in the hand, and to talk to the champions who present these pigeons.

The fourth edition of the '**GOLDEN TEN**' will take place on Saturday 5 and Sunday 6 November, once more in hotel Nobis in Asten, the Netherlands. The location is central and easily accessible from the motorway Antwerp-Eindhoven-Dusseldorf. It is also possible to stay overnight in the hotel.

And lastly, on both days there is once more a special tombola for the visitors with a buyer's card!
So make sure that you are there!

Danny Van Dyck

For many years now, Danny has been one of the best middle-distance racers in the country. It all started with 2nd National Champion Middle-distance young pigeons KBDB 2008, but in 2009 his big breakthrough came with 1st provincial / 3rd National Champion Middle-distance young pigeons KBDB 2009, and especially with the 4th, 5th, 7th and 8th National Ace pigeon. In 2011 Danny became 1st National Champion Middle Distance young pigeons KBDB 2011, and in 2013 he won 1st and 7th National Ace pigeon Middle-distance young pigeons.

2015 was another magnificent year, resulting in a 1st General Championship Middle-distance Union Antwerp and 3rd Provincial General Champion besides provincial and national rankings on the middle-distance with old and young pigeons.

The icing on the cake in 2016 was the Koningschap Union Antwerp, achieved with among others 1st General Champion Middle-distance old pigeons, yearlings and young pigeons, and 2nd General Champion Long middle-distance Union Antwerp (1st with 1st nominated). He also won 5th National Champion Short middle-distance and 4th National Ace pigeon Short middle-distance yearlings.

Besides several first prizes on the middle-distance, Danny participated this year more often in the long middle-distance, which resulted in among others 7th National Bourges against 19,889 yearlings... 7th National Bourges against 7,479 old pigeons and 2nd best old pigeon of Belgium on 7 national races.

It is already well known that the Kanon breed also succeeds well with other fanciers. As friend and neighbour Rik Hermans can attest to, because he has already bred several toppers out of the Kanon family. One of these is without doubt the 'Godiva', 2nd National Ace pigeon Long middle-distance old pigeons KBDB 2016, and 7x top 63 national, bred out of 'Dochter 11'.

Peter Janssen

Peter had already been at the top in Germany for many years when he started to look for a new challenge and three years ago he took up racing with pigeons in the Netherlands. Within a very short period he found himself at the national top there as well. In these three years he won numerous first prizes... 28x teletext (top 10 NPO) and three years in a row he became Long-distance champion in Department 9. Nationally, he also belongs to the stars. In 2013, he became 1st National Champion Speed (not nominated) and 4th National Champion Long-distance (nominated)... in 2014 he won 2nd and 6th National Champion Long-distance (not nominated and loft), and also 2nd Dutch Olympiad pigeon Long-distance Budapest (2015). Peter finished in the end as 2nd National Ace pigeon Speed NPO 2016, 2nd Provincial Champion Speed and 5th Provincial Champion Middle-distance nominated.

Willy Daniels

Willy already won a 1st National Argenton in 2008 with his '37', who obtained an Olympiad selection with that result. And the line of this '37' (bloodline 'Lichte Bourges' from Maurice Voets) crossed with the 'Zot' (14x 1st) from De Meyer Bros ensures a colony of lead racers of the highest level.

In 2015, Willy won a true treasure fleet... or what to make of 1st National Chateauroux III against 5,868 yearlings and fastest of 27,051 pigeons... 1st National Chateauroux I against 18,604 old pigeons... 1st National Zone Argenton against 3,130 young birds... 1st National Zone Issoudun against 3,582 young pigeons and more. And all that with a loft of 16 hens (old ones and yearlings) and a large handful of young pigeons!

This means the absolute top on the long middle-distance, also evident because of his championships like General Champion Fondclub Antwerp 2013 and 2015... and 1st Champion Fondclub Antwerp old pigeons 2015.

To surpass this was almost impossible but in 2016, Willy equalled his level of 2015 with among others 1st National Ace pigeon Long middle-distance yearlings and 2nd National Argenton against 12,449 pigeons (1st Provincial against 2,008 pigeons and 1st National Zone against 3,617 birds) with wonder pigeon 'Sara'... and 1st National Chateauroux against 9,540 yearlings and fastest of 16,390 pigeons with 'Kaat'. Not surprising that Willy also became 1st Provincial Champion yearlings Fondclub Antwerp, besides, as icing on the cake, 1st National Champion Long middle-distance yearlings KBDB 2016!

Cor de Heijde

Cor has built a unique breed around his world famous 'Klamper' (Lazeroms/Aarden). A breed that does not shy away from hard work... and that does not lose any strength when inbred, on the contrary! Without any doubt, this 'Klamper' is one of the most dominant pigeons out of the history of the overnight long-distance!

Cor strings together the national top performances... victories and championships... and some of the highlights of the past years are among others 1st National Ace pigeon ZLU Barcelona 2011-2013 ('Jonge Don Michel')... 1st National St. Vincent against 9,672 pigeons ('Marianne')... 6th and 32nd International Barcelona against 21,169 birds... and the best international Barcelona pigeon over 2013-2014 ('Naomi')... 1st National St. Vincent against 15,918 pigeons ('Kleine Blauwe') and 1st National Barcelona against 1,742 hens / 2nd National against 5,183 pigeons / 4th International against 19,089 birds ('Blue Dream', daughter 'Jonge Don Michel')... 1st Provincial Bergerac against 1,201 pigeons / 2nd National S1 against 4,662 pigeons... 8th National Ace pigeon Marathon WHZB and so on.

Also, the Klamper-breed forms the basis of many international successes elsewhere. To name but one: Frans Bungeneers (star racer Barcelona 2015 and 2016!)

Luc & Hilde Sioen

Luc and Hilde belong to the very greatest in the Belgian pigeon sport. The last couple of years, they have made a habit of winning nationally at every opportunity! After 1st National Poitiers in 2013 (against 13,135 yearlings) and 2014 (against 14,109 yearlings and fastest of 26,486 birds), they succeeded in winning nationally again in 2015 with 1-6-31-65th National La Souterraine against 9,760 young pigeons and fastest of 12,308 birds... which brings the score already to 6 (inter)national victories!

In 2015, they also won 1st and 2nd National Zone Chateauroux against 2,208 pigeons... 1st and 2nd National Zone / 2nd and 7th National La Souterraine against 4,161 old pigeons and 1st and 2nd National Zone / 4th and 5th National La Souterraine against 6,205 yearlings... speaking of a super year!

In 2016, it proved very difficult to participate nationally in West-Vlaanderen, and when there was at last a chance, the race (La Souterraine) was postponed until the next week. Despite all that, Luc and Hilde managed again to have a good season, with among others 1st Zone Chateauroux against 494 yearlings... 1st and 2nd Zone Argenton against 735 old pigeons (1st and 2nd fastest of 1,576 pigeons and 4th and 5th National against 9,228 birds)... 1st and 2nd Zone Argenton against 1,464 yearlings (1st and 2nd fastest against 2,713 pigeons) and 2-3-5-6th Zone Argenton against 1,249 old pigeons and 14th National Ace pigeon Long middle-distance old pigeons KBDB 2016 (1st West-Vlaming) with super hen 'Margaux'.

Comb. Verbree

Each year Co and Piet have managed to finish among the champions. In the past, they already won 4 Olympiad pigeons, but to this day they are - with a relatively small number of pigeons- still at the top.

In 2015 they finished as 1st Provincial Champion Middle-distance not nominated... 2nd Provincial Champion Speed nominated and 3rd Provincial Champion General nominated (without racing overnight). They also won among others 1st NPO Bourges against 5,181 pigeons, which was the 6th successive year that father and son managed to win an NPO-race!

As usual, Co and Piet have a real topper in their loft each year (recently among others 'Marchino' 1st Best Cock WHZB and 'Anita' 1st and 4th Best Hen WHZB) and in 2015 it was super hen 'Samanta', who will almost certainly become the 5th Olympiad pigeon for father and son Verbree.

And they found themselves among the champions again in 2016. They won practically all 1st championships in their own region (A2). Also provincial (Department 7) it was bingo with among others 2nd Middle-distance nominated... 1st Natour nominated...

4th Keizer General and more, besides 5th National Champion Middle-distance and 3rd General Noorderlijke Unie. Co and Piet won 18x 1st against an average of 893 pigeons with among others 2-4-8th NPO Issoudun against 3,985 pigeons.

With the ace pigeons they are again listed many times too. Known until now are the 'Alissa' (2nd Best Middle-distance pigeon the Netherlands with 4 prizes Pipa) and 'Platino' (2nd Best Ace cock old pigeons WHZB/TBOTB 2016)... 8th best yearling of the Netherlands 2015 and also a candidate for the Olympiad) and there will doubtlessly follow more!

Another nice reference: G&H Calis won 1st Nat. S3 Melun 10.654 p. 2016 (51 m/m ahead) with a 50% Verbree (mother from 'Basso' x 'Dinara').

Rik Hermans

2016 was a fantastic year for Rik that started with 6x top 100 national on Bourges I (51-70th National against 19,736 old pigeons and 8-32-56-100th National against 19,889 yearlings) and, except for Chateauroux, top 100 national in all races.

And with the young pigeons 2016 became a super year as well, because after 1st National Bourges against 24,676 old pigeons in 2011 with 'Cow Girl' and 1st National Chateauroux against 25,710 yearlings in 2015 with 'Friendship', Rik completed the trilogy with 1st National Bourges against 28,078 young pigeons with 'Nike'. For that matter, that race ended with 1-30-35-65-66th national, a stunt which was repeated on La Souterraine with 2-6-13-15-36-42-50th against 16,613 young pigeons.

In the end this lead to 2-16-20th National Ace pigeon Long middle-distance old pigeons... 15th National Ace pigeon Long middle-distance yearlings... and 8-21-22-25th National Ace pigeon Long middle-distance young pigeons KBDB 2016.

With other fanciers, the pigeons of Rik are performing fantastically also. One example: Combination van Wanrooij bought the 'Ranomi' at the Golden 10 and already bred a 1st NPO Chateauroux against 3,867 pigeons and 2nd NPO Gien against 1,959 pigeons out of this bird!

Gerard & Bas Verkerk

No other loft houses more National Ace pigeons and Olympiad pigeons than the loft of Gerard and Bas Verkerk. Never did they sell one of their top pigeons... and that strategy forms the basis of their present success. At the beginning of 2015, they had no less than 3 pigeons at the Olympiad in Budapest, and the 2015 season knew many highlights again, of which 1-4-5-6th Nanteuil against 12,543 pigeons (1-5-6-7th fastest Provincial against 31,438 pigeons)... 1-2-3-4-6-9th NPO Vierzon against 11,506 pigeons... 1-3-6th NPO Bourges against 9,742 birds... 3-4-5-9-13-14th National Chateauroux against 37,571 pigeons are the most important. In the end, this was good for 2nd and 5th National Ace pigeon Long-distance NPO... 2-3-7-11th National Ace pigeon Long-distance WHZB-TBOTB and so on.

In 2016 they continued in the same style with 1-3-4-13-16-18-19th National S2 Chateauroux against 14,602 pigeons (2-4-5th National against 47,539 pigeons)... 1-2-3-4-5th NPO Ruffec against 3,780 pigeons... 6-7-8-9-10-11th NPO Bourges against 13,431 birds... 1-2-5-6-7-8-10-11-12-13-14-15th Quievrain against 5,250 pigeons (1st and 2nd fastest of 12,545 pigeons) and more.

Up to this day good for 1st National Ace hen Old hens WHZB... 1st National Champion Long-distance NPO nominated... 1-3-10-13th National Ace pigeon Fondspiegel... 1-2-5-6th Provincial Ace pigeon Long-distance... 1st Provincial Champion Long-distance and 1st Provincial (east) Champion Middle-distance and so on.

1st and 2nd National Bourges 2009... 1st and 2nd National Gueret 2013...
1st National Chateauroux 2014... no less than three national victories adorn
the track record of Jos and Lars!

Especially 2014, with the National Chateauroux victory and 6x 1st Provincial,
was a year almost impossible to be equalled.

In 2015 Jos and Lars won among others 1st Provincial Issoudun against
347 old pigeons / 1st National Zone against 615 pigeons and 2nd National
against 2,212 birds... 1st Provincial Chateauroux against 290 old pigeons

15th National Bourges against 14,496 yearlings and 3rd National Ace
pigeon Middle-distance young pigeons!

Again in 2016 they won a whole series of lead prizes, for example 4-7-18-

National Chateauroux against 2,108 old pigeons... 20-22-23rd National
Argenton against 4,582 yearlings and more, while also the young birds in
the Speed races and Middle-distance regularly outclassed all opposition.
And lastly, there is a high probability that they will win an Olympic title
(Long-distance) with wonder pigeon 'Eva', who among others flew 1st Zone
/ 2nd National Issoudun against 2,216 pigeons... 2nd Provincial Chateauroux
against 2,644 pigeons... 6th Provincial Montlucon against 1,024 pigeons (40th

Gerard Koopman

Gerard Koopman is one of the founders of the modern pigeon sport. With great regularity he wins seldom seen chain results and has won dozens of NPO and national victories.

All of this is done with pigeons out of the basis Janssen/Van Loon, crossed with the 'Golden Lady' (daughter 'Kannibaal' from Dirk Van Dyck), supplemented with the best of several other top fanciers. Gerard is always searching for better or even best... and the number of fanciers who have been successful with the Koopman breed is countless!

Gerard has already been at the top for decades, and some of the biggest successes of the last few years are undoubtedly the Olympic delegations Nitra 2013 (Long-distance with 'Jepson') and Budapest 2015 (Middle-distance with 'Kiara'). The results of 2015 are of the same high standard, like for instance 1-3-4-5-8-9th NPO Sens against 4,237 pigeons... 1-2-3-4-6-9th NPO Souppes sur Loing against 3,607 pigeons... 1st NPO Chateauroux against 492 pigeons (2nd National S4 against 3,535 birds) and so on.

In 2016 there were more chain results with 3-4-5-6-9-12-19-20-22-23-24th NPO Nanteuil against 3,926 pigeons... 6-30-32-34-35-39-45th NPO Chateauroux against 3,098 pigeons and 9-10-12-13-16-18-21-22-24-25-29-30th NPO Lorris against 2,000 birds.

But the crowning glory was winning the title National Champion Long-distance NPO 2016 with lead pigeons in every race: 2-7-9-12th NPO St. Vincent against 427 pigeons (1-4-5-7th of 290 birds)... 2-10-11-16th NPO Albi against 733 pigeons (1-8-9-10th of 490 pigeons)... 2-3rd NPO Orange against 338 pigeons... 3-4-7-10th NPO Cahors against 722 pigeons (1-2-5-8th of 480 birds)... 6-11-17th NPO Perigueux against 1,054 pigeons (1-4-8th of 604 pigeons)... 9-10th NPO Limoges against 922 pigeons (1-2nd against 552 pigeons) and a percentage of no less than 75%!

In 2016 Albert went about his business as usual... and won another 45 first prizes. And that with - you won't believe it - only a handful of old and young pigeons! The crowning glory on a fantastic season was of course the 1st Provincial and 5th National in the final race from Chateauroux!

Which shows how the Harry-dynasty conquers the world.

Rik Cools

After a fantastic season 2011, Rik decided to sell all his old pigeons. By 2013 his loft already housed one of the best pigeons in Belgium, the 'Christa', 2x 1st Provincial... 1st and 2nd Provincial Ace pigeon... and 2x best pigeon of Belgium (best on 6 national races 2013 and best on 4 national races in 2012).

In 2014 Rik was very successful once more with as highlights among others 1st Zone Argenton against 343 old pigeons... 1st Zone Argenton against 4,348 young pigeons and 1st Zone Chateauroux against 661 yearlings. 2015 was good for 1-2-4-5-7th Provincial (WVOU) Clermont against 6,659 pigeons... 1st Provincial Chateauroux against 405 old pigeons and more and in 2016 Rik won once again many lead prizes with a high prize percentage and honorary prizes from among others Tours... Chateaudun... Chateauroux... La Souterraine and further. Rik also won a 2nd prize in the very difficult final of the Belgian Master 2016!

Very important as well are the genetic qualities of the Cools pigeons. A few examples: Benny Steveninck (1st National Ace pigeon Long-distance young pigeons KBDB 2013 with 25% Cools)... Leo & Gerry Dockx (1st National Ace pigeon Long-distance young pigeons KBDB 2014 with 100% Cools)... Chris Debacker (1st Provincial Tours against 6,083 pigeons and 1st Provincial Tours against 5,313 pigeons 2015 with 'Amigo', a direct Rik Cools)... Hugo Vlaeminck (1st Provincial La Souterraine against 4,390 pigeons 2016 is 50% Cools and a grandchild of 'Zus Molleke')... Gevaert-Lannoo (1st Provincial Chateauroux against 351 old pigeons 2016 is 50% Cools and a grandchild of 'Marieke')... Ronny Menten (1st National Bourges against 10,111 yearlings 2016 and fastest of 45,507 birds with great-granddaughter 'Emma' from Rik Cools)... Gevaert-Lannoo ('Bliksem Rik' is a top breeder in their loft) and many more. And don't forget that the 'Rudy' from close friend Gaby Vandenabeele comes out of 'Kaatje' (direct Rik Cools from the time that he still raced with Piet Blancke)!

Joost De Smeyter-Restiaen

In his youth, Joost had two passions. Bicycle racing and pigeon sport. In his cycling career, he became provincial champion 3x and as a young talent he even won the 'Omloop het Volk', but after a fall and breaking something, his cycle career came to an end.

Joost remained faithful to the pigeon sport and the initial basis for his colony came from Joseph Vervisch and Jan Ernest (Van der Wegen x '131' from Jan de Weert). A top product out of this crossing was without doubt the 'Joost', 1st International Perpignan yearlings 2003 and afterwards a fantastic breeder.

Joost has a preference for hard work... in other words the 'classics' from 700 kilometer, and in 2013 he won 1st National Ace pigeon Extra long-distance KBDB, while the 1st National Ace pigeon Extra long-distance KBDB 2011 has 50% De Smeyter blood too. 2015 was a fantastic year... with for example 1st West European Super Marathon... 2nd National Ace pigeon Extra long-distance KBDB... besides lead prizes on almost all international races, with as highlights 5-19-60-68th National Barcelona... 8-13-44-48-62-98th National Perpignan and 1st and 9th National Pau and also 1st International Pau against 9,052 pigeons.

In 2016 Joost won lead prizes in almost every race that he participated in, but the real highlights were saved for Barcelona (30-34-40-91-138-210-289-296-307th and so on National against 7,693 pigeons) and especially Perpignan (12-18-19-20-24-33-64-85-101st National against 4,191 pigeons. In the end, this was good for 3rd, 4th and 5th National Ace pigeon Extra long-distance old pigeons KBDB 2016!

Kees Bosua

In 2008 Kees Bosua sold all his pigeons. He only kept a round of late young. In 2009 he already became 1st Provincial Champion young pigeons again... and since then he has been steadily building up a new top colony.

Today we can say that he is back at his old level, with results like 1-2-3-4-5th Peronne against 13,438 pigeons in 2011... 1-5-11-15th Lille against 16,453 pigeons in 2012... 1-2-3-4-5th Morlincourt against 8,625 birds and 1-3-5-6-7th National S2 Troyes against 13,664 pigeons in 2013... 1-10-14-22nd NPO Mantes la Jolie against 12,953 young pigeons and 1st and 6th NPO Nanteuil against 16,722 young pigeons in 2014, with in 2015 also 1st Nanteuil against 8,709 pigeons (fastest Provincial of 21,853 birds) and 1-3-5-12-16th Pont St. Max against 6,160 pigeons (also 1-3-5-12-16th fastest Provincial of 11,162 birds).

In 2016, Kees changed his methods... but quality will always tell... and he realized again several top results, like 1st Pont St. Max against 12,189 pigeons (1st fastest Provincial of 34,093 birds)... 1-2nd Roze against 5,821 pigeons (1st and 2nd fastest Provincial of 15,749 birds) and 1-5-6-11th Menen against 2,598 pigeons (1-7-8th fastest Provincial of 27,453 birds).

The star racer in 2016 was undoubtedly the 'Fenna' (daughter super couple 'Leon' x 'Nonnetje'), who won from Roze and Menen, and with this became 2x the fastest provincially!

And also elsewhere, the Bosua pigeons keep performing well; for instance with Gaby Vandenaabeele ('Halbroer New Bliksem', 1st Provincial Bourges against 1,415 pigeons and 4th National Chateauroux against 25,126 pigeons is 50% Bosua).

Andre Roodhooft

For decades, Andre Roodhooft has been at the very top in Antwerp. No one became King and Emperor in Union Antwerp more often than Andre, and his record might well stand forever.

However, the last few years Andre has been concentrating his efforts - with great success - more on the Long middle-distance.

A few highlights are without doubt 1st National Gueret against 3,415 old pigeons in 2012... 1st National La Souterraine against 18,588 young pigeons and 1st National La Souterraine against 3,184 old pigeons (fastest of 21,772 birds) in 2014. Also 3rd and 4th National Ace pigeon Long middle-distance yearlings and 1st Olympiad pigeon yearlings Budapest 2015.

In 2015 the performances were outstanding once more, with 1st National Ace pigeon Long middle-distance and 1st National Champion Long middle-distance old pigeons KBDB 2015 and 1st Provincial / 2nd National Gueret.

And in 2016 Andre again stood among the top in the results on the Short and Long middle-distance every week, both with old pigeons, yearlings and young pigeons. A few highlights: 1st Provincial Vierzon against 344 old pigeons... 3rd and 14th National Chateauroux against 14,762 young pigeons... 9th National Argenton against 3,110 old pigeons... 11-43-44-79-90-104-106th National La Souterraine against 3,110 old pigeons, and almost weekly in the top 100.

In the national championships, Andre finished with the 3rd and 17th National Ace pigeon Short middle-distance young pigeons and 7th National Champion Long middle-distance yearlings.

Günter Prange

For many years, Gunter Prange stood alone at the top in the German pigeon sport. He won National Championships and Ace pigeons by the dozen... and with 6x winner Gouden Duif Germany he is the absolute record holder.

His 'Ringlose' is a household name in the German pigeon sport and far abroad... and with 'Der 261' (10x 1st and grandson 'Ringlose') and his '520' (7x 1st... 4x 2nd and inbred grandson 'Ringlose') he has once again two real cracks.

The Prange-breed always does well in other lofts as well... for instance with Jozef Kipshagen (1st of 1,463 pigeons with grandson 261)... Jozef Kosser (grandson 261 wins 12/12 with 1-2279 and 1-2226)... Norbert Funke (wins 7x 1st with children of 'Zus 261')... Hubert Borker (son 520 wins 1-4443)... Mejnof Buser (1st Golden Algarve Race 2015 with the line '802' of 'Eurostar')... Richard van der Horst (6th NPO Morlincourt against 5,943 pigeons with a direct Prange, line 'Ringlose') and many more. Also in the recently flown (very difficult) Million Dollar Race, de Prange-breed dominated (among others the 2nd and 3rd prize are part Prange).

Other fanciers who were recently successful with the Prange-breed are Helmut Lettmann (1st 520 kilometer against 34,878 pigeons, with the Prange-breed by way of both father and mother)... Menke Bros (1st of 24,000 pigeons with a descendant of Prange pigeons) and Heinz Keil (1st Hernau against 13,000 pigeons with the line of the 'Ringlose' on mother's side).

In 2016 Gunter entered races with young pigeons for the first time since 2013. The results were respectable, which promises well for the coming years!
