

VERWEIJ-DE HAAN

Online auction of 9 little gems of the Dutch marathon sensation of the last years.

Results on the marathon races have skyrocketed since 2013, when Michel Verweij (racing pigeons) and Peter de Haan (breeding pigeons) started playing as a combination.

In 2014 they won a.o. 1st Prov. Perpignan and in 2015 they were Champion Noord- en Zuid-Holland and 1st Champion ZLU nominated Noord-Holland. This with top results such as 1st en 8th Internat. Bordeaux-Agen 7135 bs. (1st and 10th fastest of 12.869 old and yearlings with super pigeon “Balotelli” and his half sister “Mila”), 8th Nat. St. Vincent 3027 bs., 10th Nat. Barcelona 5183 bs., 15-22-27th NPO Agen 2474 bs. etc.

In 2016 their top hen “Red Rose” took over the reins from “Balotelli” and with 12th Nat. Pau and 19th Nat. Perpignan she flew herself into the history books with the titles of 1st Nat. Acepigeon Perpignan 2014-2016 and 2nd Int. Acepigeon Pau 2015-2016, a rare achievement !

Their strain, formed around super pigeon “Toon”, also delivers elsewhere.

What to think of 1st Nat. Barcelona hens 2008 (Kees Limmen), 1st NPO Agen 2013 (Koeman Kok), 1st NPO Agen 2014 (Fred Stet), 1st Nat. Cahors 2014 (Fam. Toom), 1st Nat. Bergerac 2015 (Gijs Baan), 1st Prov. / 4th Nat. Perpignan 2015 (Fam. Hendriks), 1st Prov. / 4th Nat. St. Vincent ZLU 2015 (Marcel Tromp), 1st NPO Bordeaux 2016 (Tonny Mooy), 1st Nat. St. Vincent ZLU 3383 d. 2016 (Tim Hage) etc. Also J. Schreurs (1st Nat. Marathon 2015), V. Vork (1st Nat. Champion Marathon NPO 2013) and many others owe their succes mainly or partly to the input of Michel and Peter's pigeons.

Without a doubt Michel and Peter are some of the very best Dutch marathon fanciers of the last years, and now they will auction 9 beautiful, select (young) birds 2016 from their best breeders,

among which several unique lots such as the last children of super breeders “Kopy Toon” and “Barry” (father “Balotelli”).

*This is an excellent opportunity to obtain some of the best Dutch marathon blood, which, considering the close inbreeding, can be great crossbreed material for almost every marathon loft, which is clearly shown by the many top references.
There's no bigger chance of certainty!*

Information:

- **End of auction: Saturday 25 March 1pm CET**
- When a bid is placed in the last 10 minutes of the auction, the bid time is automatically extended by 10 minutes.
